near Arumana Chavady with the Martandam-Kulasekharam road at the 3rd milestone, into a cartable road.

Mr. A. Sri Narayanan Tampi said that this was another of the subjects brought up last year and prayed for the early commencement of the work.

Reply.—This was referred to the Chief Engineer. The cost appears to be prohibitive and hence the work cannot be undertaken.

282. **Establishment of an English Middle School at Kuzhithura or aiding the Raja Kesava Das Middle School at Munchira.**

Mr. Padmanabhan Tampi (*Vilavancode*) brought forward this subject.

Reply.—A separate English Middle School at Kuzhithura does not appear necessary, as there is an aided English Middle School at Martandam, one mile from Kuzhithura, and a Sirkar English Middle School at Tiruvattar, 4 miles away. The question of aiding the Middle School at Munchira will be considered next year, as there are no funds available at present.

283. **Provision of two roads, one from Arumana to Kaliakavilay and other places, and another from Puthenkada to Kollencode and other places.**

This was another of the subjects brought forward by *Mr. Padmanabhan Tampi.*

Reply.—The question of opening these roads was considered and found to be not feasible.

(5) the road between the Jagati bridge and Andiyirakkom; and

(6) the road passing round between the Commandant's Bungalow and Kunnukuzhi.

Reply.—The lighting of the first road is no doubt important. The portion of it where there are no lights now will be soon supplied with the same. The lighting of the other roads referred to does not seem to be pressing and funds do not admit of Government undertaking it now.

285. Repair of certain temples in Trivandrum.

Mr. P. Raman Tampi, B. A., M. L., had enumerated four temples *viz.*, Thrippapur, Tonnal, Valia Udayadityapuram and Perur in his memorandum as requiring repair and better maintenance.

Reply.—Provision has been made in the budget for the Tonnal temple. The other temples can be taken up only when funds permit.

286. Prohibition of the registry of about 600 acres of land included in survey No. 2469, Rendamada Pakuthi, Vattiyurkavu, as Puduval in the names of other than local agriculturists and the reservation of a good portion of this area for purposes of pasturage and green manure.

This was another of the subjects which stood in the name of *Mr. P. Raman Tampi, B. A., M. L.*

Reply.—A reference will be made to the Peishkar on the subject, the facts ascertained and orders passed.

287. Protest against the resolution of the Trivandrum Town Improvement Committee published in the Government Gazette of Thulam 1082 regarding the conversion of open spaces into plantations, &c.

Mr. M. K. Govinda Pillai B. A., B. L. (*Trivandrum*) in whose name this subject stood was absent.

Reply.—The matter has come up before Government. If any specific objections are brought forward regarding particular localities they will be duly considered.
